Welding

Your Future, Your Home

NAHB National Association of Home Builders | Student Chapters

Welding

$50,460

Mean National Wage

Welders working in residential construction typically enjoy more variety of projects within a year. As a welder your typical day would involve joining steel beams and creating structural support for buildings and pipelines that carry water and natural gases. You will develop valuable skills such as performing hand-welding, flame-cutting, hand-soldering, or brazing equipment to weld or join metal components or to fill holes, indentations, or seams of fabricated metal products.

Find your home with a career in the home building industry and help others achieve the dream of owning a home.
