

REMODELER SAFETY PROGRAM OF THE YEAR APPLICATION

Applicants in this award category consist of firms engaged in improving, remodeling, and repairing existing homes.

The awards program is based around these themes:

- Quality of the company safety program
- Management's involvement and commitment to safety
- High level of employee and/or trade contractor involvement in safety
- New or innovative programs, practices, procedures or resources used by the company to promote safety
- Unique program elements used by the company to support and heighten safety awareness

The Qualitative Essays - This section allows an opportunity for you to provide a written description (qualitative description) of your company's safety program. Be creative. This is your opportunity to demonstrate that "special something" that sets you apart from the others—your core competency in safety. Explain the things that you do better than everyone else. Judges will be evaluating the following:

- Direct evidence of upper management/owner commitment
- Effectiveness safety program
- Hazard prevention and control
- Safety and health training

Please complete the form below.

Note: We must be able to distinguish between the Nominee and the Applicant. If you are nominating someone else, then please enter their information under the Nominee section and your information under the Applicant section. If you are nominating yourself, then you're required to enter your information in the Nominee section only. Thank you for your attention to this matter.
