Trustee Responsibilities

Trustee Structure

BUILD-PAC is governed by a 100+ member Board of Trustees. States are allotted one trustee per eight U.S. Congressional districts for every state.

Appointment of BUILD-PAC Trustees

Candidates for vacancies on BUILD-PAC's Board of Trustees must be recommended in writing (email or letter) by their state associations. In states without statewide NAHB affiliates, the NAHB National Representative recommends candidates for vacancies.

BUILD-PAC Trustee Responsibilities

- **Personal Contribution:** All trustees are required to make a minimum personal contribution of \$1,000 to BUILD-PAC annually.
- **Orientation:** Attending New Trustee Orientation is designed to familiarize new trustees with their responsibilities, organization bylaws and policies, and applicable federal laws.
- **Attendance:** Trustees must attend a minimum of two BUILD-PAC Board of Trustees meetings annually.
- **Fundraising:** Trustees serve as a BUILD-PAC principal fundraiser by planning at least one state fundraising event annually for BUILD-PAC.
- **Advocacy:** Trustees meet with federal legislators and represent NAHB members in their home state on policy matters. This includes participating in NAHB's Legislative Conference.
- **Grassroots:** Trustees contact federal legislators by using BuilderLink or by calling each legislator on the phone to talk about policy issues important to NAHB.
- **Candidate Contribution Requests:** Trustees make candidate contribution requests to NAHB's federal Government Affairs staff 21 days prior to the BUILD-PAC Board of Trustees meetings.
- **Delivery of Candidate Contributions:** Once a BUILD-PAC check has been issued, it is the responsibility of the Trustee to ensure that the contribution check is delivered within 30 days from the date of issue.

Trustee Responsibilities

As you plan a BUILD-PAC Check delivery, please remember:

- Any discussion of public policy or legislative activity must be totally separate from the delivery of this BUILD-PAC contribution. “Thank you for your support of the home building industry” is acceptable, but discussion of specific legislation is improper.
- Please deliver a BUILD-PAC check within 30 days.
- Please do not deliver at the member’s official office or government property. Instead, deliver it at campaign fundraising events or during meetings arranged by the campaign.
- Primary checks must be delivered by your state’s primary date. All general checks must be delivered by Election Day. The 2026 general election will take place on Tuesday, November 3, 2026. Campaigns can not accept a contribution check after the election.
- Are you having trouble scheduling a meeting with your member? Reach out to your state’s federal lobbyist or the BUILD-PAC team for help.

FAQ

What is BUILD-PAC?

- BUILD-PAC is NAHB's bipartisan federal political action committee (PAC) that helps elect pro-housing, pro-business candidates to the U.S. House of Representatives and U.S. Senate.

Why should I contribute to BUILD-PAC?

- If you're in business, you're in politics. BUILD-PAC is YOUR voice at the federal level. The more members who support BUILD-PAC, the stronger housing's voice is in the political process and on Capitol Hill.

Who can contribute to BUILD-PAC?

- Only NAHB members can be solicited for BUILD-PAC contributions.

Why can't BUILD-PAC use my dues money?

- Using member dues is prohibited. BUILD-PAC can only accept personal contributions and dues are often paid with corporate funds. It is against the law for a Federal PAC to receive corporate funds.

What forms of payment do you accept?

- BUILD-PAC is allowed to receive cash contributions up to \$100 annually per individual. Personal checks and credit cards (AmEx, MasterCard, and Visa) are accepted as well. BUILD-PAC is also allowed to receive anonymous contributions equaling no more than \$50.

How can I invest in BUILD-PAC?

- Contribute online at nahb.org/buildpac.
- Mail personal checks payable to BUILD-PAC or personal credit card information to: BUILD-PAC, 1201 15th Street, NW Washington, DC 20005

Who determines which candidates receive BUILD-PAC support?

A Board of Trustees, made up of NAHB members, decides which candidates receive support. BUILD-PAC Trustees are nominated by each state.

Who does BUILD-PAC support?

BUILD-PAC is bi-partisan, regardless of political party. For a full list of candidates, visit NAHB.org/BUILDPAC.

Who does BUILD-PAC favor? Democrats or Republicans?

- BUILD-PAC is bipartisan. Regardless of political party, BUILD-PAC supports the best candidate for housing.

How can I learn more about BUILD-PAC and NAHB advocacy efforts?

- Contact BUILD-PAC staff by phone at 202-266-8110 or by email at mshoemaker@nahb.org.

Handling the Tough Responses

“I don’t believe in PACs.” or “I’m not interested in politics.”

- It is easy to become disillusioned about politics or to feel powerless in our system. However, the reality is that decisions made by elected officials directly affect all of us in the building industry. PACs are an integral part of our democratic system and a very effective way for citizens to have a real impact. BUILD-PAC gives us a voice in the political process and help us educate and elect candidates who truly understand and care about the issues important to us.

“I don’t like certain candidates or parties the BUILD-PAC supports.” or “I only want my money to go to candidates who support/oppose (any social issue).”

- The purpose and focus of the BUILD-PAC is on specific, non-partisan issues that are directly related to the building industry. The PAC makes contributions based on criteria very specific to builders and our business operations. Party affiliation is not one of the criteria the PAC uses when determining which candidates merit the PAC’s support.

“I can’t afford it.” or “I can’t give enough money to make a difference.”

- Economic times are tough, but we really can’t afford NOT to participate in the PAC. The PAC is a key part of our Government Relations strategy as it helps to educate federal candidates about our important issues. You don’t have to contribute much to make a real difference – every dollar contributed to the PAC makes a big difference! There is power in numbers and in the 2023 -2024 Cycle, BUILD-PAC raised nearly \$3.4 million.

“I prefer to make political contributions on my own.”

- We encourage and applaud your efforts to be involved in the political process. Unfortunately, elected officials simply do not have the time to give every individual contributor the attention they deserve. On the other hand, your contribution to BUILD-PAC gives us a much higher profile with the candidates we support. The candidates recognize that a contribution from the BUILD-PAC represents the personal voluntary contributions of thousands of NAHB members and that carries a lot of weight.

State Fundraising Goals

The overall BUILD-PAC fundraising goal for the 2025-2026 cycle is **\$3.5 million**.

Each two-year election cycle, BUILD-PAC establishes a fundraising goal for every state. This goal is based on housing permits, membership numbers, and a percent of the overall BUILD-PAC fundraising goal. State goals are based on a formula developed by NAHB's Economics Department. Additionally, every state has also been given a Fair Share goal to help increase member participation.

State Goal Formula:

Calculate percentage of permits. The number of state housing permits = % of overall U.S. Permits (A)

Calculate percentage of membership. The number of NAHB members in the state = % of Total NAHB Membership (B)

Add the two percentages together. $(A)\% + (B)\% = \text{Total } \%$

Multiply total percentage by the BUILD-PAC overall goal (\$3.5 Million) and divide by 2

$\text{Total } \% \times \$3,500,000 / 2 = (\text{State Goal})$

Know the Law

- BUILD-PAC is **regulated by the Federal Election Commission (FEC)**.
- **Only individual dues paying members** of NAHB can be solicited for BUILD-PAC contributions. Solicitations to the general public are prohibited.
- **Only personal checks or credit cards** are accepted by BUILD-PAC.
- Checks from **LLCs, LLPs and sole proprietors NOT taxed as corporations may be accepted** by BUILD-PAC as long as they also submit an attribution form stating that the contribution is from his/her personal account. BUILD-PAC staff can send you the attribution form and a copy can be found at the end of this Toolkit.
- Contributions **cannot be reimbursed by an employer**. Corporate contributions to BUILD-PAC are prohibited by law.
- **Contributions are not tax deductible.**
- **Foreign nationals cannot contribute** to BUILD-PAC. BUILD-PAC can only accept contributions from U.S. citizens and foreign citizens lawfully admitted for permanent residence (green card holders).
- The **maximum contribution allowed is \$5,000** annually per individual.
- **Contributions to BUILD-PAC are completely voluntary.**
- Federal law requires PACs to **report the name, mailing address, occupation, and employer for each individual.**
- The below **disclaimer needs to be on all solicitations and invitations:**

Contributions to BUILD-PAC are completely voluntary. You may choose not to contribute without reprisal. Contributions to BUILD-PAC will be used for political purposes and are not tax deductible for federal income tax purposes. Federal law requires political action committees to report the name, mailing address, occupation, and name of employer for each individual whose BUILD-PAC contributions exceed \$200.00 in a calendar year. Foreign nationals cannot contribute to BUILD-PAC.

- **Checks must be signed by the person making the contribution.** If your spouse signs your check, you and your spouse will need to sign a form attributing the contribution to you. BUILD-PAC staff can send you the attribution form and a copy can be found at the end of this Toolkit.
- A contribution can not be made in the name of another person.

- The FEC requires that all contributions of \$50 or less must be sent to BUILD-PAC within 30 days; contributions over \$50 must be received within 10 days.
- Cash contributions cannot exceed \$100 annually and anonymous contributions cannot exceed \$50. Do not send cash through the mail. Convert it to either a cashier's check or a money order. A cashier's check or money order must be sent with a list of contributors and all required reporting information.
- The FEC's One Third Rule states: the value of a prize/gift to a PAC contributor cannot exceed one-third of the amount contributed to BUILD-PAC.
- Proceeds from an event can not be used to pay for event costs. BUILD-PAC has a reimbursement program to help defray expenses. See Page 20 for more information

The FEC's One-Third Rule

Federal law allows associations to pay for costs incurred in the establishment, administration and solicitation of contributions to its own PAC.

The FEC's One-Third Rule requires the cost of prizes NOT to exceed one-third of the money contributed to the PAC as a result of the raffle, auction or giveaways.

Food and beverages are not subject to the FEC's One-Third Rule.

Examples of One-Third Rule

- **Prizes, Giveaways, and Raffle Items:** All prizes and giveaways at a BUILD-PAC event, including raffle items, must comply and may not exceed one-third of the money raised at an event.
 - *Example A:* NAHB offers a \$1,500 computer as the prize for a raffle to raise money for BUILD-PAC. As long as the raffle raises at least \$4,500, it is in compliance with the One-Third Rule.
 - *Example B:* BUILD-PAC wants to give every \$1,000 contributor a pen and pencil set worth \$100. One-third of \$1,000 is \$333.33. Because the set costs only \$100, the One-Third Rule has been complied with.
- **Auction Items:** All auction items must not exceed one-third of money raised at the event.
- **Golf Outings:** The value of greens fees plus any giveaways are subject to the One-Third Rule. For this reason, BUILD-PAC advises against golf outings. It is best to hold an HBA golf outing in conjunction with a post-play reception in support of BUILD-PAC.

Fundraising Incentives

Expense Reimbursement Program

BUILD-PAC has an expense reimbursement program for state and local associations that host events. To qualify for an expense reimbursement, your association must notify your BUILD-PAC fundraising manager six weeks prior to the event. It also must send in all contributions within the legal timeframe of 10 days after the event.

Up to \$3,000 may be reimbursed to an association if it raises double this amount in new money. For example, if a state raises \$5,000 in new money through an event, BUILD-PAC will reimburse up to \$2,500 in expenses.

All receipts must be submitted to be eligible for reimbursement. Renewals of high donor club members do not qualify as new money. NAHB can reimburse for most event needs, as well as food and beverage costs. Please see the “One-Third Rule” found in the Legal section.

Splitback Program

The splitback program allows BUILD-PAC to give money back to the states that go above and beyond their fundraising goal. A state receives half of all additional funds raised over the goal. For example, if a state’s goal is \$10,000 and it raises \$15,000, it will receive a \$2,500 check written to the state HBA.

Once a state has exceeded its fundraising goal, the BUILD-PAC Board of Trustees will review and approve splitback amounts at the next BUILD-PAC Board of Trustees meeting. Once approved, the state trustee must request the splitback check from BUILD-PAC staff in writing.
