

How does your business measure up?

Get the benchmarks you need to compare your business to firms like yours, as well as with the industry as a whole.

NAHB's studies provide a wealth of data, analysis and guidance to help you boost profitability, increase efficiency, set realistic budget targets and improve upon your business practices.

Cost of Doing Business Study, 2016 Edition

Home builders get a rare glimpse at other builders' financial information by providing data on profitability, cost of sales and expenses from hundreds of home builders across the country.
