

# LSC CONNECTIONS MEETING

Thursday, June 5, 2025 | 1:00 - 3:00 PM ET

**Join the Teams Meeting** - Meeting ID: 253 174 985 405 - Passcode: Sw9Bu6m3

## Transform Home Builds with AI Today

Thursday, June 5, 2025 | 1:00 - 2:00 PM ET

Room: VIRTUAL

### SPEAKER

**Ryan Fink, CEO, Co-Founder & Ty Frackiewicz, CPO, Co-Founder - Digs**

Find out how to deliver a next-gen client experience, transform pre-construction, and streamline handoff and warranty processes- saving time, cutting costs, and improving homeowner satisfaction. This presentation briefly dives into how builders are using AI-powered solutions to elevate every phase of the homebuilding journey.

### Key Takeaways:

Boost Sales & Collaboration: Use AI and smart tools to improve processes and client engagement to save money and win more deals.

- Smarter File Management: AI can organize unstructured build data for you, creating a single source of truth.
- Pre-Construction Speed: Accelerate takeoffs and workflows to keep projects on schedule.
- Streamline Handoff & Warranty: Save time and reduce costs while enhancing aftercare and warranty service.
- Generate a Digital Twin: Create a digital twin of build in seconds that's always up to date.
- Next-Gen Client Experience: Meet today's consumer expectations with transparent, efficient, digital processes.

## 2025 Home Trends + Insights from the 2024 NAHB Member Survey

Thursday, June 5, 2025 | 2:00 - 3:00 PM ET

Room: VIRTUAL

### SPEAKER

**Rose Quint, AVP, Survey Research - NAHB**

This advanced session will dive into NAHB's most up-to-date research on the features buyers want and builders are most likely to include in their homes in 2025. It will highlight important trends on home size, townhomes, and outdoor living. The session will reveal how preferences for home features vary across different generations of buyers and what they are willing to accept to reach homeownership.

### Key Takeaways:

- Uncover the impact of the housing affordability crisis on home characteristics and what builders are likely to include in their projects in 2025.
- Understand how home buyers' preferences for home features vary across different generations.

### 2024 NAHB Member Survey Insights:

Every year, NAHB conducts a member census to better understand the composition and characteristics of the people who belong to its organization. Builder and associate members are asked about their companies' primary activity, revenue, and number of employees. Results show a profile of the typical builder and associate NAHB member.

**Builders, Remodelers & Associate Members Invited!**
