

Journey 3: Not Pro Yet

You have a **standard (DIY)**
Lowe's account & need to
upgrade it to Pro.

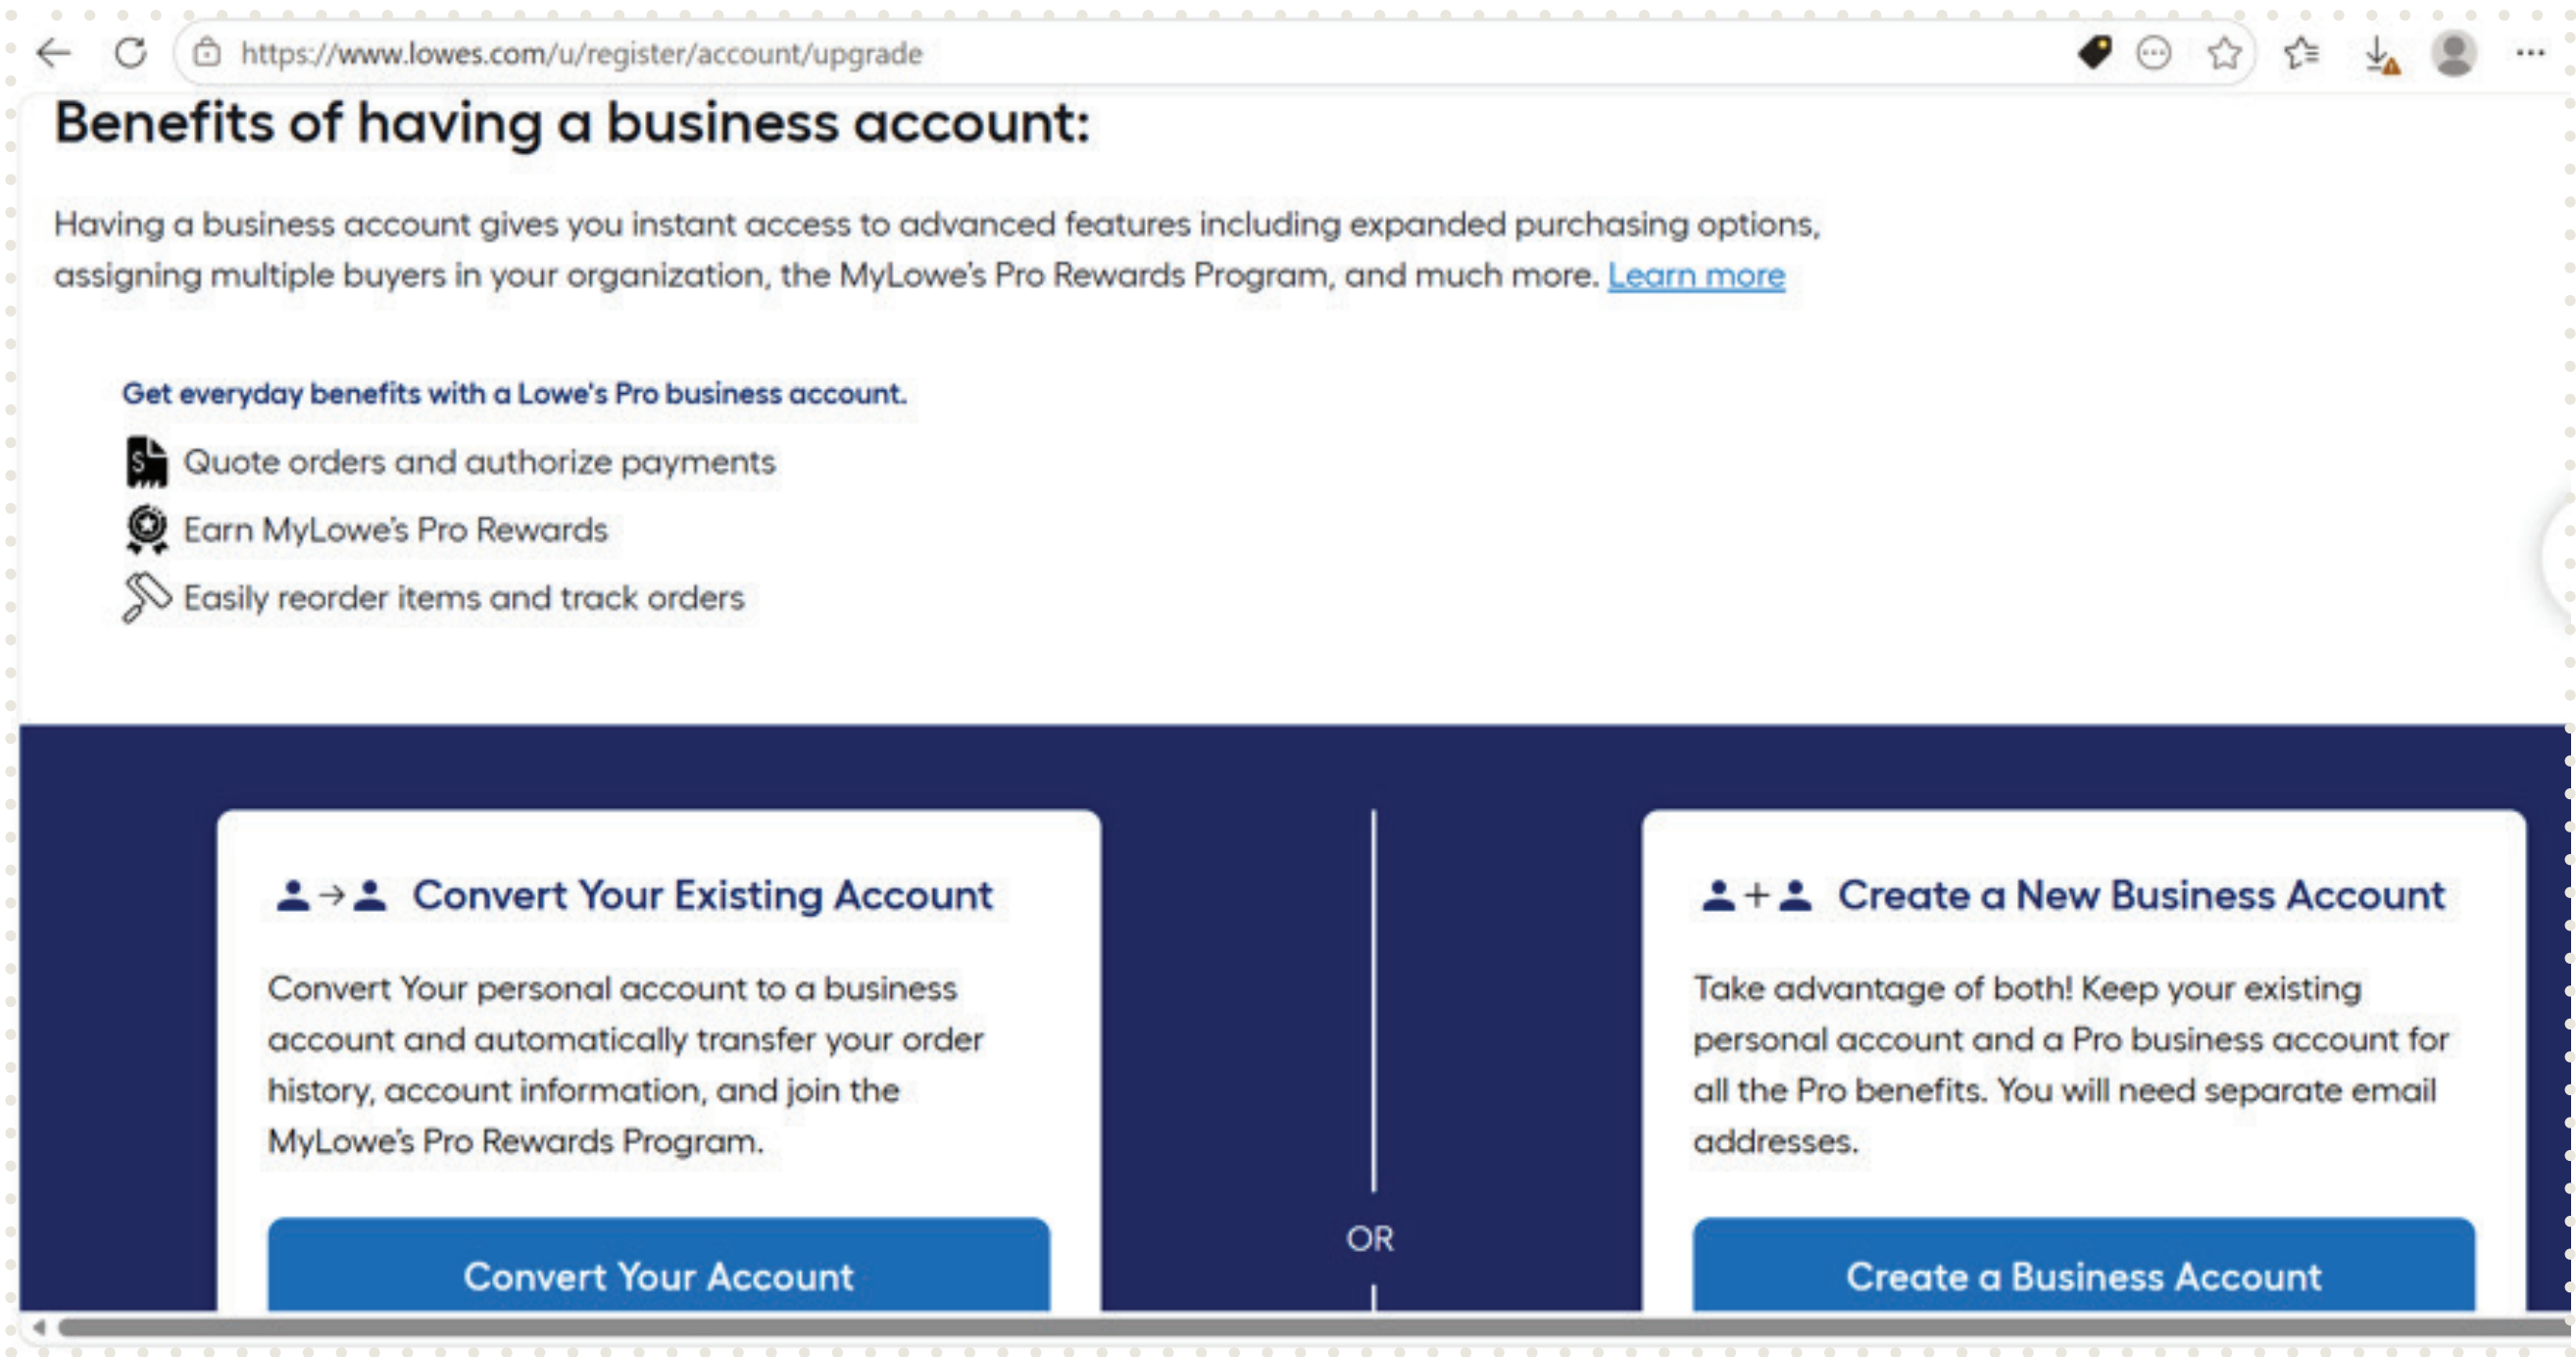

1

Upgrade your account from DIY to Pro

To convert your DIY (Personal) account into a Lowe’s Pro (Business) account, first sign in to lowes.com with your DIY account and then either click the hyperlink below or type in the URL to your internet browser.

<https://www.lowes.com/u/register/account/upgrade>

Next, click the blue ‘Convert Your Account’ button as shown below.

2

Fill out the form to upgrade

Fill out the required information on the page and enjoy your Lowe's Pro account!

business/newprougrade

Now Just Complete the Form & You're All Set.

Account Type
New Pro Account

First Name
Johnny

- Only future Qualifying Purchases will be tracked for MyLowe's Pro Rewards.
- Previous purchases are not eligible for MyLowe's Pro Rewards Program rewards.

I confirm that I want to convert my Lowe's Personal Account to a Business Account. I understand that once I make this change, it can't be reversed.

By clicking "Convert Your Account", you agree to our [Terms of Use](#), including [Personal Account Terms](#) and/or [Pro Account and MyLowe's Pro Rewards Terms](#) as applicable, and [Privacy Statement](#). California residents: view our [Notice of Financial Incentive here](#).

Create a Separate Business Account

Convert Your Account

3

Submit your information to NAHB

Complete the NAHB enrollment form with your name, NAHB membership number and LFP ID. NAHB will link your account to the GPO program within three (3) to five (5) business days.

Final Step for All Members

Add a credit card to your Lowe's wallet

Once your account is enrolled, save a credit card to your Lowe's virtual wallet to activate your full everyday savings. This step is required to unlock the maximum discount on all in-store and online purchases.

Tip: Adding a credit card to your wallet ensures you receive the highest available everyday discount on every purchase — in store and online.

What's Next

Set up payment method for faster checkout.
