

2023 Board Orientation

Schedule

As committed to the NAHB Leadership at the 2022 IBS, a mandatory Director Orientation is to take place virtually in advance of the first NAHB Board Meeting with dates announced prior to the 2023 International Builders Show.

In an effort to make certain the Leadership has ample time to address the priorities before the Association, the Orientation has been scheduled early in the Leadership Year. The Orientation is scheduled to take place on **Wednesday, February 15, 2023, at 5:00 PM ET – 7:00 PM ET**. Directors from across the country will be able to participate either in the mid-afternoon to early evening, allowing these leaders to address the priorities of their businesses during the early portions of the day.
