

Student Chapter Membership

NAHB Dues for Secondary Programs:

\$200/school allows unlimited student members to join your chapter and membership may be purchased on storefront.nahb.org.

Student Member Highlights

- **Career Networking** – Build a relationship with local industry professionals year round through your local Home Builders Association (HBA). Access a national network to seek career advice and learn industry insider tips through NAHB Connect.
- **Careers in Construction Month** – October is the official month for celebrating all careers in construction. Join other student chapters across the country for this social media takeover. Flex your construction projects and club activities on TikTok, IG, and Facebook. Learn more at nahb.org/careersmonth.
- **Career Development Resources** – From learning common interview questions to building a professional network, NAHB has helpful guides for student members and young professionals developing their careers in the trades.
- **International Builders' Show** – Student members save a ton on IBS registration and every Student Chapter is eligible for travel scholarships. At IBS, tour the New American Home and walk the show floor and visit hundreds of company booths showing off their latest innovations.
- **Discover the value of membership**
